

5 May 2020

Attendance:

N7DJE Timber (late)
KBI7POT Mikel
N7ACW Keith
KC7USG Davena (Net Control)
AL1Q Jeff
N7DMR Kun
KB7POT Mikel
KJ7GIP Darrel
KC7JIX Dave
KJ7CYH Mark
W7HJL Roy
KC7ZMT Robert
KI7ICB Jason

KG7TYA TC Scott
KI7GBU Rick WW

Attended by 13 members and two visitors.

Secretary's report:

Read and accepted.

Treasurer's report:

N7ACW We are showing a bank balance of \$1553.32 . There is one outstanding check to Roy for \$163.72 bringing the bank balance to \$1389.60 , our petty cash is \$105 for a total balance \$1494.60

AL1Q asked Keith to make sure the LPARA contributes it's share of the transfer switch bill. Will handle off air after meeting.

Building and Grounds:

KC7JIX - Still mowing. Water on. Sprinklers on timer. Sprayed weeds on the back.

AL1Q - is planning on installing a new antenna cable through the outside wall of club this weekend, replacing the one that runs through the shed side of the building.

Repeater Report:

AL1Q - Road looks clear. Plan on taking trip ot to the repeater this week. It will probably be thur or fri, maybe sat. Invited others to come if they want.

Health and Welfare:

N7DJE - Please keep other's in thoughts and prayers.

ARES Report:

N7ACW - SET turned extremely well. We had many problems and solved most of them. We had 9 stations and 10 operators running off grid power. Commendations and gratitude for participation.

VE:

Announcements:

Misc:

Old Business:

There was a discussion about making sure Roy W7HJL was compensated for installing the new transfer switch at the club.

New transfer switch was used during last SET by AL1Q.

KI7GBU - Update on the Pomeroy cross-band repeater. Power supply died. A new one was installed last weekend. 145.00 MHz, PL 123 (probably). There is a plan to install a 30' tower.

New Business:

W7HJL - asked about Field Day?

N7DJE - Can't get permits to operate in federal facilities, KI7LGO our Spout Sprints contact gone. May have something at the club.

KC7ZMT asked if it could be held at the club?

W7HJL - Thinks we can pull it off. Schedule operators, and keep them separate. Separate meals. Class E (home station with portable power)?

N7DJE - Asked if anyone is interested in SKYWARN Storm spotter training? Hoping to have some training at the clubhouse when restrictions ease, possibly September. You can go online to take SKYWARN training. Three courses coming up on May 12, 22, and June 3. URL is weather.gov/skywarn.

General Discussion:

KB7AZZ AL1Q: Remembers the club when tuned water tower at VA? Found documentation of the incident where the sprinkler system went off. He asked if we want the original manuscript.

N7ACW suggests that Phillip mail the manuscript to the club, and he will get it to the people who can deal with, possible Mikel KB7POT who can put it on our website.

Education:
